

GUIDING PRINCIPLES
SUPPORT HUB

Support for Residential Aged Care Workers and the Single Site Grant Extension

Employers and Unions are reaching out to aged care workers who have questions or concerns surrounding the recently extended SACWIC support grant. The funding opportunity was scheduled to expire on 25 September 2020, however, it has been extended to 26 October 2020. It may be extended further if required and the Support Hub will be regularly updated to advise of any changes to this.

Workers are encouraged to get in touch with your union (ANMF, HWU or ASU) if you require assistance or have any questions regarding the recent funding extension.

The Guiding Principles Support Hub contains an extensive FAQ section for referral and details around the process of extending workers engagement, including draft letter templates.
