

Update for Single site funding support for COVID-19 impacted areas of New South Wales

Update 06 July 2021

The following advice in relation to the ongoing situation with Covid 19 in Sydney, NSW, has been received from Department of Health on 05 July 2021. Refer to DoH BIDS announcement for further information.

Single site arrangements for residential aged care workers in Greater Sydney, including the Blue Mountains, Central Coast, Wollongong and Shellharbour have been extended until **24 July 2021**. All providers should continue arrangements to facilitate employees working at one site only during this period. This may be further extended on the advice of the Chief Medical Officer. This is a key step in minimising the risk of transmission of COVID-19 between aged care facilities. Please reach out to the **Guiding Principles Support Hub** or call **1800 491 793** should you require further advice.

Please refer to the following map: [Greater Sydney rules and restrictions | NSW Government](#)

Guiding Principles Support Hub website or hotline on **1800 491 793**.
